SUMMARY

Computer Science graduate and Software Engineer with experience in Full-Stack Development, Artificial Intelligence, and Cybersecurity. Passionate about designing scalable applications, secure systems, and high-performance software that solve real-world problems. Experienced in building modern web applications, backend services, and AI-powered solutions, with a strong foundation in software engineering, networking, and database design.

EXPERIENCE

Freelancer 04/2024 – Present

Freelance Full-Stack Developer

- Developed a custom e-commerce platform using React.js and Node.js, contributing to a **35% increase in client sales** within the first three months.
- Designed and deployed a multi-journal hosting platform for managing and publishing academic journals.
- Built multiple educational platforms enabling teachers to manage courses, content, quizzes, and student interactions.

Software Engineer 2024 – 2026

Endoura Soft

- Developed and maintained full-stack web applications using modern frontend and backend technologies.
- Improved application performance, maintainability, and overall user experience.

EDUCATION

Bachelor of Science in Computer Science 2022 – 2026

Faculty of Science, Cairo University

- Grade:** Good

SKILLS

Programming

C++, C#, Java, Python, JavaScript

AI

Neural Networks, LLM Integrations

Databases

PostgreSQL, MySQL, MongoDB, SQL

Backend

Node.js, ASP.NET Core, REST APIs

DevOps & Infrastructure

Docker, CI/CD Pipelines, Microservices

Networking & Security

CCNA, VPN, IDS, Penetration Testing

Frontend

React.js, HTML, CSS, Tailwind CSS

CERTIFICATES

- CCNA
- Building LLM applications with prompt engineering nvidia
- Network security

LANGUAGES

Arabic

Native

English
